5.1 Reconvene Open Session and Report of Closed Session

The Governing Board reconvened into open session at 6:40 p.m.

Jacquelyn Ruffin, Legal Counsel, read the following action took place during closed session:

Pursuant to Government Code Section 54957.1, the Board is publicly reporting action taken
on items 4.1 and 4.2 of the agenda. These closed session matters concern a dispute between
the District and RAN Enterprises, Inc., the HVAC contractor for Phase 1 construction at the
Rio delSol Academy. RAN's original contract price was $1,648,000. At the end of phase 1 of
the project, RAN filed a Government Claims Act claim for $906,250 in rejected change
orders. Additionally, the District asserted various claims against RAN. The Board previously
approved draft settlement agreement with RAN and directed legal counsel to finalize the
settlement agreement. The RAN agreement states that the District will pay RAN $330,000 in
full settlement of the disputed change orders and the District's claims against RAN, with a
$40,000 contribution from the District's architect, Architecture for Education. Tonight, the
Board voted to approve a separate agreement with the District's construction manager,
Balfour Beatty Construction, whereby the construction manager will contribute $110,000 to
the RAN settlement. Therefore, the District's total liability with respect to this matter is
$180,000.

This Agreement entered into between the Trustees of the California State UNIVERSITY on behalf of California State UNIVERSITY Channel Islands, hereafter referred to as “UNIVERSITY," and the Rio School District thereafter referred to as “AGENCY".

WHEREAS, AGENCY and UNIVERSITY desire to enter into an agreement for AGENCY to provide teaching experience through practice teaching to students enrolled in teacher training curricula of the UNIVERSITY; and

NOW, THEREFORE, it is mutually agreed between the UNIVERSITY and AGENCY as follows:

1. The Term of this Agreement is March 1, 2020 through June 30, 2022, with the option to either party to review and terminate the Agreement at the end of each year by providing written notice of termination to the other party on or before June 30 of each year.

2. AGENCY shall provide to the UNIVERSITY students, teaching experience through practice teaching in schools and classes of AGENCY. Such practice teaching shall be provided in such schools or classes of AGENCY and under the direct supervision and instruction of such employees of AGENCY, as AGENCY and the UNIVERSITY, through their duly authorized representative, may agree upon.

3. AGENCY may refuse to accept for practice teaching any student of the UNIVERSITY assigned to practice teaching in AGENCY, and upon request of AGENCY, the UNIVERSITY shall terminate the assignment of any student of the UNIVERSITY to practice teaching in the AGENCY.

   “Practice teaching” as used herein and elsewhere in this agreement means active participation in the duties and functions of classroom teaching under the direct supervision and instruction of employees of AGENCY, in the schools or classrooms in which the practice teaching is provided

4. The UNIVERSITY Department of Education will work with AGENCY to ensure the Student follows and completes the California state’s requirement for fingerprinting/background checks prior to student teaching. The UNIVERSITY will also obtain from Student and keep on file a clear TB test for each semester.

5. An assignment of a student of the UNIVERSITY to practice teaching in classes of AGENCY shall be, at the discretion of the UNIVERSITY for approximately 16 weeks of student teaching or for approximately 28 days for full time student teaching courses (ECS 461 & ECS 471). 6. At no time shall a student be considered or become an employee of AGENCY. The practice teaching is for the benefit of the student, and students do not displace regular employees. The UNIVERSITY shall inform the students that they are not entitled to wages or employee benefits for the time spent at AGENCY in practice teaching. Coverage is provided for claims which are both: (1) first made against the Insured during the policy period; and (2) reported to the Carrier as soon as practical, but not later than three (3) years after the policy period. AGENCY will be considered an additional insured on the student's general liability policy. The UNIVERSITY agrees that AGENCY shall be an additional named insured under the SPLIP.

9. Compliance with Laws: Harassment Policy:

The UNIVERSITY acknowledges receipt of AGENCY's policy against harassment, including but not limited to sexual harassment, and agrees that student and UNIVERSITY will abide by said policy at all times.

Category: 10. Consent

Subject: 10.10 Williams Activity Report for the 2nd Quarter Fiscal Year 2019-2020

Access: Public

Type: Action (Consent)

Fiscal Impact: No

Budgeted: No

Speaker: Oscar Hernandez

Rationale:

Education Code Section 1240 (c)(2)(C) requires that the County Superintendent report the results of any Williams Lawsuit Settlement visits, on a quarterly basis, to the Governing Board of districts with deciles 1 to 3 schools. The attached report should be presented to the Governing Board of your district at a regularly scheduled meeting held in accordance with public notice requirements.

The attached report reflects our Williams related visits and activities completed during the 2nd quarter of fiscal year 2019-2020. In summary, we are continuing the annual review of teachers assignments and vacancies in deciles 1 to 3 schools as required under Education Code Section 44258.9.

The findings of that review will be available sometime prior to July 1, 2020 and reported in the annual Williams Report. In addition, this quarterly report does not comment on our review of the annual school accountability report cards. That review will conclude later in the school year and will be reported on at that time.

Our adopted rules of Parliamentary Procedure, Robert's Rules, provide for a consent agenda listing several items for approval of the Board by a single motion. Most of the items listed under the consent agenda have gone through Board subcommittee review and recommendation. Documentation concerning these items has been provided to all Board members and the public in advance to assure an extensive and thorough review. Items may be removed from the consent agenda at the request of any board member.
California Education Code Section 1240 requires that the County Superintendent annually visit the 54 schools in Ventura County that were ranked in deciles 1 to 3 of the 2012 Academic Performance Index. The purpose of the visit is to ensure that all students have access to sufficient textbooks or instructional materials, to assess the condition of the facilities and identify any emergency or urgent threats to the health or safety of pupils or staff, and to determine if the school has provided accurate data for the annual school accountability report card (SARC) related to instructional materials and facilities conditions.

During the first four weeks of the 2019-20 school year, County Office of Education inspectors visited all "Williams" schools to determine if sufficient textbooks or instructional materials were available, and to assess the condition of school facilities. The findings of these visits were summarized on the 1st Quarter Activity Report for your District issued in October of 2019.

While much of the specific Williams related activities occur during the 1st quarter, several activities take place throughout the fiscal year. These activities include:

The annual review of teacher assignments and vacancies in deciles 1 to 3 schools, as required by Education Code Section 44258.

The annual review of the prior fiscal year audit reports to identify any audit findings relating to Williams issues and determine how those findings will be corrected.

The annual review of each school’s school accountability report card to verify that known Williams related issues are correctly reported.

The results of these reviews will be published in our annual Williams report in November of 2020.

If you have any questions about the Williams Settlement process or the information contained in this 2nd Quarter Activity Report for your District, please call Paula Driscoll, Executive Director of School Business Advisory Services, at 805-383-1981.

Goal 3 - Create welcoming and safe environments where students attend and are connected to their school

Public Content

Speaker: Jarkko Mylari

Rationale: The PA system at Rio del Valle has become partially non-functional and unstable to the extent that it poses a security and safety risk. The system cannot guarantee clear and effective emergency communications on the campus. In terms of programming and configuring the system, the current equipment also adds unnecessary work and latency when it's the vendor that is required to make site visits to carry out adjustments or re-programming. The proposed upgrade would replace the non-functioning equipment and upgrade the management and programming components to be accessed online by site and district staff.

Fiber Internet Access Service Level Agreement

This document outlines the Service Level Agreement ("SLA") for Fiber Internet Access ("FIA") fiber-based service (the "Service").

This SLA is a part of, and hereby incorporated by reference into the Spectrum Enterprise Service Agreement (including the terms and conditions, attachments, and Service Orders described therein, the "Agreement"). To the extent any provision of this SLA conflicts with the Agreement, this SLA shall control. All SLA Targets in the table below are measured from Customer’s Service Location to the location where Spectrum Enterprise has local access to the Internet (the Spectrum Enterprise “Point of Presence” or “POP”) at the individual circuit or service level, and any applicable credits are issued only for the affected FIA circuit or service (the "Affected Service"). Capitalized words used, but not defined herein, shall have the meanings given to them in the Agreement.

I. SLA Targets for FIA Services:

<table>
<thead>
<tr>
<th>Service Availability</th>
<th>Mean Time To Restore (&quot;MTTR&quot;)</th>
<th>Latency / Frame Delay (Roundtrip)</th>
<th>Jitter / Frame Delay Variation</th>
<th>Packet Loss / Frame Loss</th>
</tr>
</thead>
<tbody>
<tr>
<td>End to End: 99.99%</td>
<td>Priority 1 Outages within 4 hours</td>
<td>45ms</td>
<td>&lt;2ms</td>
<td>&lt;0.1%</td>
</tr>
</tbody>
</table>

II. Priority Classification:

A "Service Disruption" is defined as an outage, disruption, or severe degradation, other than an Excluded Disruption, that interferes with the ability of a Spectrum Enterprise network hub to: (i) transmit and receive network traffic on Customer's dedicated access port at the Spectrum Enterprise network hub; or (ii) exchange network traffic with another Spectrum Enterprise network hub. The Service Disruption period begins when Customer reports a Service Disruption using Spectrum Enterprise's trouble ticketing system by contacting Customer Care. Spectrum Enterprise acknowledges receipt of such trouble ticket, Spectrum Enterprise validates that the Service is affected, and Customer releases the Service for testing. The Service Disruption ends when the affected Service has been restored.

"Service Degradation" means a degradation of the Service that is not a Service Disruption or a result of an Excluded Disruption, such as failure of the Service to achieve the SLA Targets for Latency / Frame Delay, Jitter / Frame Delay Variation, or Packet / Frame Loss.

"Excluded Disruptions" means (i) planned outages, (ii) routine or urgent maintenance, (iii) time when Spectrum Enterprise is unable to gain access to Customer's Service Location, if necessary, (iv) service issues arising from acts of omissions of Customer or Customer's representatives or agents, (v) Customer equipment failures, (vi) Customer is not prepared to release the Service for testing, and (vii) Force Majeure Events.
Spectrum Enterprise will classify Service problems as follows:

<table>
<thead>
<tr>
<th>Priority</th>
<th>Criteria</th>
</tr>
</thead>
</table>
| Priority 1 | Each a "Priority 1 Outage":  
  - Service Disruption resulting in a total loss of Service; or  
  - Service Degradation to the point where Customer is unable to use the Service and is prepared to release it for immediate testing |
| Priority 2 |  
  - Service Degradation where Customer is able to use the Service and is not prepared to release it for immediate testing. |
| Priority 3 |  
  - A service problem that does not impact the Service; or  
  - A single non-circuit specific quality of Service inquiry. |

III. Service Availability

“Service Availability” is calculated as the total number of minutes in a calendar month less the number of minutes that the FIA Service is unavailable due to a Priority 1 Outage ("Downtime"), divided by the total number of minutes in a calendar month.

The following table contains examples of the percentage of Service Availability translated into minutes of Downtime for the 99.99% Service Availability Target:

<table>
<thead>
<tr>
<th>Percentage by Days Per Month</th>
<th>Total Minutes / Month</th>
<th>Downtime Minutes</th>
</tr>
</thead>
<tbody>
<tr>
<td>99.99% for 31 Days</td>
<td>44,640</td>
<td>4.6</td>
</tr>
<tr>
<td>99.99% for 30 Days</td>
<td>43,200</td>
<td>4.3</td>
</tr>
<tr>
<td>99.99% for 29 Days</td>
<td>41,760</td>
<td>4.2</td>
</tr>
<tr>
<td>99.99% for 28 Days</td>
<td>40,320</td>
<td>4</td>
</tr>
</tbody>
</table>

IV. Mean Time to Restore ("MTTR")

The MTTR measurement for Priority 1 Outages is the average time to restore Priority 1 Outages during a calendar month calculated as the cumulative length of time it takes Spectrum Enterprise to restore an FIA Service following a Priority 1 Outage in a calendar month divided by the corresponding number of trouble tickets for Priority 1 Outages opened during the calendar month for the FIA Service.

MTTR per calendar month is calculated as follows:

| Cumulative length of time to restore Priority 1 Outage(s) per FIA Service |
| Total number of Priority 1 Outage trouble tickets per FIA Service |

V. Latency / Frame Delay

Latency or Frame Delay is the average roundtrip network delay, measured every 5 minutes during a calendar month, unless measurement is not possible as a result of an Excluded Disruption, to adequately determine a consistent average monthly performance level for frame delay for each FIA Service. The roundtrip delay is expressed in milliseconds (ms).
Latency is calculated as follows:

\[
\text{Latency/Frame Delay} = \frac{\text{Sum of the roundtrip delay measurements for an FIA Service}}{\text{Total # of measurements for an FIA Service}}
\]

VI. Packet Loss / Frame Loss Ratio

Packet Loss or Frame Loss Ratio is defined as the percentage of frames that are not successfully received compared to the total frames that are sent in a calendar month, except where any packet or frame loss is the result of an Excluded Disruption. The percentage calculation is based on frames that are transmitted from a network origination point and received at a network destination point.

Packet Loss / Frame Loss Ratio is calculated as follows:

\[
\frac{\text{Packet Loss / Frame Loss (\%)}}{\text{Frames Received (\%)}} = 100 \%
\]

VII. Jitter / Frame Delay Variation

Jitter or Frame Delay Variation is defined as the variation in delay for two consecutive frames that are transmitted (one-way) from a network origination point and received at a network destination point. Spectrum Enterprise measures a sample set of frames every 5 minutes during a calendar month, unless measurement is not possible as a result of an Excluded Disruption, and determines the average delay between consecutive frames within each sample set. The monthly Jitter / Frame Delay Variation is calculated as the average of all of the frame delay variation measurements during such calendar month and is expressed in milliseconds (ms).

Jitter / Frame Delay Variation is calculated as follows:

\[
\text{Jitter / Frame Delay Variation} = \frac{\text{Sum of the Frame Delay Variation measurements for an FIA Service}}{\text{Total # of measurements for an FIA Service}}
\]

VIII. Network Maintenance

Maintenance Notice:
Customer understands that from time to time, Spectrum Enterprise will perform network maintenance for network improvements and preventive maintenance. In some cases, Spectrum Enterprise will need to perform urgent network maintenance, which will usually be conducted within the routine maintenance windows. Spectrum Enterprise will use reasonable efforts to provide advance notice of the approximate time, duration, and reason for any urgent maintenance outside of the routine maintenance windows.

Maintenance Windows:
Routine maintenance may be performed Monday – Friday 12 a.m. – 6 a.m. Local Time.
IX. Remedies

Service Credits:
If the actual performance of an FIA Service during any calendar month is less than the SLA Targets and Customer is in compliance with the terms of the Agreement and this SLA, then Customer may request credit equal to the corresponding percentage of monthly recurring charges for the Affected Service as set forth in the table below. Any credit to be applied will be off-set against amounts due from Customer to Spectrum Enterprise in the billing cycle following the date Spectrum Enterprise makes its credit determination. Credit requests must be submitted to Spectrum Enterprise within thirty (30) days of the calendar month in which the SLA Target was missed. Spectrum Enterprise will exercise commercially reasonable efforts to respond to such credit requests within thirty (30) days of receipt thereof.

<table>
<thead>
<tr>
<th>Service Availability</th>
<th>Mean Time To Restore (&quot;MTTR&quot;)</th>
<th>Latency / Frame Delay (Roundtrip)</th>
<th>Jitter / Frame Delay Variation</th>

</tr>
</thead>
<tbody>
<tr>

<td>&gt; 4 hours ≤ 7:59:59 hours</td>

<td>5%</td>
<td>5%</td>
</tr>
<tr>
<td></td>
<td>&gt; 8 hours</td>
<td>10%</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

All SLA Targets are monthly measurements, and Customer may request only one credit per SLA Target per month for the Affected Service. Should one event impact more than one SLA hereunder, Customer shall receive the single highest of the qualifying credits only. Except as set forth below, the credits described in this SLA shall constitute Customer’s sole and exclusive remedy, and Spectrum Enterprise’s sole and exclusive liability, with respect to any missed SLA Targets. Service Credits hereunder shall not be cumulative per Service.

Chronic Priority 1 Outages:
If Customer experiences and reports three (3) separate Priority 1 Outages where the Downtime exceeds four (4) hours during each Priority 1 Outage within three (3) consecutive calendar months, then Customer may terminate the Affected Service without charge or liability by providing at least thirty (30) days written notice to Spectrum Enterprise; provided, however, that (i) Customer may only terminate the Affected Service; (ii) Customer must exercise its right to terminate the Affected Service by providing written notice to Spectrum Enterprise within thirty (30) days after the event giving rise to Customer’s termination right; (iii) Customer shall have paid Spectrum Enterprise all amounts due at the time of such termination for all Services provided by Spectrum Enterprise pursuant to the Agreement, and (iv) the foregoing termination right provides the sole and exclusive remedy of Customer and the sole and exclusive liability of Spectrum Enterprise for chronic Priority 1 Outages and Customer shall not be eligible for any additional credits. Termination will be effective forty-five (45) days after Spectrum Enterprise’s receipt of such written notice of termination.
