Category: 6. Public Hearing
Subject: 6.2 Public Hearing for Learning Continuity Plan (LCP)

Type: Discussion, Information

Public Content

Speaker: Oscar Hernandez

Rationale:

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process.

The Learning Continuity Plan is a key part of the overall budget package for K-12 that seeks to address funding stability for schools while providing information at the LEA level for how student learning continuity will be addressed in light of the COVID-19 crisis in the 2020-21 school year. The provisions for the plan were approved by the Governor and Legislature in June in SB 98 and can be found in EC Section 43509.

The Learning Continuity Plan is intended to balance the needs of all stakeholders, including educators, parents, students and community members, while streamlining engagement and condensing several preexisting plans. In particular, it was important to combine (1) the intent behind Executive Order N-56-20, published in April 2020, which envisioned an off cycle Local Control and Accountability Plan (LCAP) due December 15th, and (2) the ongoing need for LEAs to formally plan to return to school in the midst of uncertainty caused by COVID-19, without requiring two plans. The Learning Continuity Plan replaces the LCAP for the 2020-21 school year.

The public hearing will be held during a Governing Board meeting of the Rio School District to be held on Wednesday, September 16, 2020, at 6:00 p.m. virtually.

Plan de Continuidad de Aprendizaje

16 de Septiembre, 2020
6:00 p.m.

La participación significativa de los padres, alumnos y otras partes interesadas, incluidos los que representan a los subgrupos identificados en la sección 52052 del Código de Educación, es fundamental para el LCAP y el proceso presupuestario.

El Plan de Continuidad de Aprendizaje es una parte clave del paquete presupuestario general para los grados K-12 que busca dirigir la estabilidad del financiamiento para las escuelas al mismo tiempo que brinda información a nivel del Distrito sobre cómo será dirigida la continuidad de aprendizaje de los estudiantes durante la crisis de COVID-19 en el 2020-21 año escolar. Las disposiciones para el plan fueron aprobadas por el Gobernador y la Legislatura en junio en SB 98 y se pueden encontrar en la Sección 43509 de la CE.

El Plan de Continuidad de Aprendizaje está destinado a equilibrar las necesidades de todas las partes interesadas, incluidos los educadores, padres, estudiantes y miembros de la comunidad, al tiempo que simplifica la participación y condensa varios planes preexistentes. En particular, era importante combinar (1) la intención detrás de la Orden Ejecutiva N-56-20, publicada en abril de 2020, que prevé un Plan de Control y Responsabilidad Local (LCAP) fuera del ciclo que debía presentarse el 15 de diciembre, y (2) necesidad de que los distritos escolares planeen formalmente regresar a la escuela en medio de la incertidumbre causada por COVID-19, sin requerir dos planes. El Plan de Continuidad de Aprendizaje reemplaza el LCAP para el año escolar 2020-21.

La audiencia pública se llevará a cabo durante una reunión de la Junta de la Mesa Directiva del Distrito Escolar Río que se llevará a cabo el Miércoles, 16 de septiembre, 2020, a las 6:00 pm virtualmente.

Recommended Action: Staff recommends board approval of Resolution #2021/01 Sufficiency of Instructional Materials.

**Public Content**

Speaker: Oscar Hernandez

Rationale:

Education Code Section 60119 requires each school district to hold a public hearing and adopt resolution to make a determination, as to whether each pupil in each school of the district has sufficient textbooks and/or instructional materials.

1. Adopt Resolution #2021/01 regarding Sufficiency of Textbooks; and
2. Certify compliance that each student has been provided with a standards-aligned textbook for reading/language arts, mathematics, history and science; and
3. Direct the Superintendent to keep the resolution and certification on file in the district for auditing purposes and to show that the provisions of the law have been met.

School district governing boards shall hold a public hearing and shall make determination through a Resolution, as to whether each pupil in the district, including English Learners, has or will have, prior to the end of the fiscal year, sufficient textbooks or instructional materials, or both, in reading/language arts, mathematics, history and science, consistent with the content and cycles of the curriculum frameworks adopted by the state.

If the school district governing board determines that there are insufficient textbooks or instructional materials, or both, the governing board shall provide information to classroom teachers and the public as to the reasons and shall take action to ensure that the situation is remedied. Such action may involve using any funds available to the district for instructional materials from any state and local source.

The list below lists the curriculum areas and the date the Governing Board adopted the standards-aligned textbooks and materials. The textbooks were ordered and distributed to each school for distribution to each student. Staff recommends that the Governing Board adopt the resolution regarding sufficiency of textbooks.

Dear Dr. Puglisi,

Below is my 2020-2021 Drama proposal for the Rio School District to present to the board. Teaching students this year I assume will be very different from prior years, therefore I am proposing some alternative methods of learning Drama through on-line classes if needed. All of workshops I am proposing to teach I have taught this past year in person, and they continue to prove successful. My weekly workshops, camps and daily classes improve students’ self-confidence, bring a positive, can-do attitude and support the 5 C’s. These Drama classes will also increase student enrollment for the Middle School Musical. I believe that all of these drama classes and plays will create an artistic, and dynamic environment that students will blossom in, taking the Rio District to yet another new level of artistic excellence. Thank you again for giving me the opportunity to work with all student’s during this very difficult time.

Sincerely,

Diane DeLaurentis
Artist in Residence, Drama

Meeting: Sep 16, 2020 - RSD Regular Board Meeting
Category: 10. Discussion/Action
Subject: 10.3 Replacement and upgrade of the marquee signs and the sign management system at five school signs
Access: Public
Type: Action
Preferred Date: Sep 16, 2020
Absolute Date: Sep 16, 2020
Fiscal Impact: Yes
Dollar Amount: $102,756.47
Budgeted: Yes
Budget Source: Measure L
Recommended Action: Staff recommends replacing and upgrading the marquee signs and the sign management systems

Public Content

Speaker: Jarkko Myllari

Rationale: To ensure District and school site communications with the surrounding community during a state of emergency or other exceptional circumstances necessitates trouble-free and immediate access to the marquee signs at each site. Currently, 3 out of the 9 schools (Rio Lindo, Rio del Valle and Rio del Norte) have a system in place that allows administrators to control the sign content and scheduling from outside the district network using any computer. This proposal is to upgrade the 5 school sites that already have the basic infrastructure and DSA permits in place.

**Recommended Action**  
Staff recommends replacing and upgrading the marquee signs and the sign management systems

**Public Content**

Speaker: Jarkko Myllari

Rationale: To ensure District and school site communications with the surrounding community during a state of emergency or other exceptional circumstances necessitates trouble-free and immediate access to the marquee signs at each site. Currently, 3 out of the 9 schools (Rio Lindo, Rio del Valle and Rio del Norte) have a system in place that allows administrators to control the sign content and scheduling from outside the district network using any computer. This proposal is to upgrade the 5 school sites that already have the basic infrastructure and DSA permits in place.

Speaker: Wael Saleh, Assistant Superintendent of Business Services

Rationale:

On May 20, 2020, the Board adopted Resolution No. 1920/49 setting the terms and conditions for the sale, lease, or exchange of the District’s surplus property located at 2715 E. Vineyard Avenue Property. The District has since obtained updated zoning and corresponding appraisal information relative to the site, which has resulted in a higher opinion of value relative to the property. Based on that update, the Board is now considering Resolution No. 20/21-XX, which would, if adopted, increase the minimum purchase price for the property to $970,000, unless such amount is modified by the Board as a result of its discussion.

RESOLUTION # 2021/15
AMENDED AUTHORIZATION FOR THE PUBLIC SALE, LEASE, OR EXCHANGE OF 2715 EAST VINEYARD AVENUE PROPERTY

WHEREAS, the Rio School District ("District") is the owner of certain real property located at 2715 East Vineyard Avenue in the City of Oxnard, California ("Vineyard Property");

WHEREAS, on or about May 20, 2020, the District Board of Trustees adopted Resolution No. 1920/49 ("Resolution of Intent"), which is hereby incorporated herein by this reference, wherein the Board authorized the District to solicit offers from the sale of the Vineyard Property, and otherwise established the terms and conditions for the auction of the Vineyard Property to the public in the event the property was not otherwise sold to an interested public agency or non-profit public benefit corporation;

WHEREAS, by way of the authority conveyed in the Resolution of Intent, the originally anticipated bid opening for the Vineyard Property has tentatively moved from August 19, 2020, to November 18, 2020; and

WHEREAS, the District has received additional information relative to the fair market value of the Vineyard Property prompting it to revisit the originally established minimum price, set forth in the Resolution of Intent, of Six Hundred Ninety Thousand dollars ($690,000).

NOW, THEREFORE, be it resolved that:

1. That the above recitals are true and correct, and except as modified herein, the terms and conditions of the Resolution of Intent, inclusive of the Request for Purposes ("RFP") as modified by the District from time to time, shall remain in full force and effect.

2. That the Board hereby modifies the minimum purchase price from that originally expressed in the Resolution of Intent to Nine Hundred Seventy Thousand and 00/100 dollars ($970,000.00).

3. That the Board hereby affirms the date for the receipt of proposals from the general public as November 18, 2020, at 5:00 p.m. or as soon thereafter as reasonably possible as set forth in the agenda posted for such meeting, unless otherwise modified and noticed by the Superintendent. The District reserves the right, by noticed action of the Superintendent, to extent the date for the receipt of proposals and the opening of proposals by the Board, to a later date.

Access           Public
Type             Action

Goal 4-Prepare students to be college and career ready through technology and innovation that facilitates collaboration, creativity, critical thinking and communication.

Public Content

Speaker:
Wael Saleh, Assistant Superintendent, Business Services

Rationale:

The Unaudited Actuals will provide the financial status of all funds in the district at the end of the fiscal year 2019/2020. Pursuant to Education Code 42100 these reports will be completed and submitted to the County Office of Education by September 25, 2020.

The unaudited financial results show a decrease to the Unrestricted General Fund of $302,635 which was $116,335 more than anticipated at the Adopted Budget. This is largely due to the employee one time bonus that was paid in 2019/20. The District ended the year with a 3.80% reserve, slightly more than the legally required reserve of 3%.

The financial reports will also be audited by the district’s independent auditor Eide Bailley.

Accurate disclosure is essential to monitor whether officials have conflicts of interest and to help ensure public trust in government. The biennial review examines current programs to ensure that the agency's code includes disclosure by those agency officials who make or participate in making governmental decisions.

This agency has reviewed its conflict of interest code and has determined that (check one BOX):

☑ An amendment is required. The following amendments are necessary:
  (Check all that apply.)
  ☐ Include new positions
  ☐ Revise disclosure categories
  ☐ Revise the titles of existing positions
  ☐ Delete titles of positions that have been abolished and/or positions that no longer make or participate in making governmental decisions
  ☐ Other (describe)

☑ The code is currently under review by the code reviewing body.

☑ No amendment is required. (If your code is over five years old, amendments may be necessary.)

Verification (to be completed if no amendment is required)

This agency's code accurately designates all positions that make or participate in the making of governmental decisions. The disclosure assigned to those positions accurately requires that all investments, business positions, interests in real property, and sources of income that may foreseeably be affected materially by the decisions made by those holding designated positions are reported. The code includes all other provisions required by Government Code Section 87302.

Rationale:            Pursuant to the California Constitution, Article XIII-B, a public agency must establish a maximum appropriation limitation annually. Each year, an actual calculation is run for the previous fiscal year and an estimate is made on the current fiscal year.

The attached calculation shows the District’s GANN Limit for the 2019/2020 fiscal year and a projected GANN Limit for the 2020/2021 fiscal year and does not require an increase in the limit. The calculation complies with the requirements of SB98 and AB198.

Public Content

Speaker: Jarkko Myllari

Rationale: In order to ensure internet connection from home to all Rio students who have applied for one and to efficiently filter and manage the connection and devices, the current Verizon/Cyberreeef hotspots need to be replaced with Kajeet devices. Kajeet hotspots will be running on both Verizon and AT&T data plans which allows them to be flexibly assigned based on the service quality in different areas. The 6-month contract provides District time to evaluate to further need regarding the development of COVID-19.
