How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

**Involvement Process for the SPSA and Annual Review and Update**

**Site Level:**
Rio del Sol is a new school, which opened its doors in August 2018. This is our third year. As part of our professional practice at RDS, we have established a culture of collaboration where teachers plan on a weekly basis in a Design Time period. CAASPP data and student performance informs teachers’ planning in Design Time.

The 2018-2019 CAASPP scores represent a baseline for Rio Del Sol, which allowed us to begin to identify and analyze trends during the 2019-2020 academic year, determine areas of academic and socio-emotional needs, and set goals for achieving increases in CAASPP performance.

The CAASPP was not administered state-wide in 2019-2020 due to COVID-19 school closures. Therefore, our current baseline for CAASPP is from the 2018-2019 academic year.
The principal, School Site Council members, teacher leaders, and English Language Advisory Committee members reviewed State and Local Assessment data. Based upon achievement trends, we plan the following activities.

1. Established a teacher leadership team, curricular goals, which meets monthly.
2. Established Grade-Level Band leads, which meet monthly.
3. Established a School Site Council (11/11, 1/6, 2/17, 3/17, 5/19, 6/9).
4. Established an English Learner Advisory Committee (12/18, 1/8, 2/26, 3/26, 5/7, 6/11).
6. Created a professional development collaborative team to discuss effective practices and review data (5-day Summer Institute 8/3-8/7/2020).
7. Weekly Faculty meetings focused on K-8, grade level, and, grade-band level.
9. Integrated the use of technology into daily curriculum design.
10. Developed and maintained Intervention Progress Team to support struggling students.
11. Continued efforts to support and maintain our Teacher Leadership culture.
12. Developed and implemented a student re-engagement process during COVID-19 distanced learning.

Goals, Strategies, & Proposed Expenditures

Goal 1: English Language Arts

English-language Arts. For the 2018-2019 school year, the percentage of students meeting/exceeding proficiency was 57.94%.

Our goal last year, in 2019-2020, was to improve the 2018-2019 CAASPP score 57.94% overall ELA performance to 61% by the May 2020 CAASPP performance. Due to COVID-19 school closure the CAASPP was not administered. This goal continues to be relevant as we are on a continuous improvement cycle for student performance in English Language Arts.

Basis for this Goal

The overall percentage of met or exceeded on the CAASPP ELA for the 2018-2019 school year was 57.94%. That year was the first time 3rd-6th grade students took the CAASPP, thus establishing a
baseline for performance achievement. Last year, during 2019-2020 academic year, the CAASPP was not administered due to COVID-19 school closures.

The school will establish collaborative grade-level and grade-band level professional development structure to share effective strategies and monitor the progress of students. Teacher leaders will refine a multi-tiered system of support to help address literacy growth. Support and professional development for literacy in all subject areas will continue to support and align to the 5Cs characteristics (Collaborating, Critical Thinking, Creating, Communicating and Caring) of engaging students.

1. Weekly faculty meetings for 60 minutes focused on best practices, strategies, as well as examining student performance data.

2. A Multi-Tiered System of Support will be refined which includes parent involvement in the process of monitoring student support and enrichment opportunities.
   - Teacher teams develop objectives, goals, curriculum and learning experiences; plan and review literacy and math practices and benchmark assessments.
   - Professional development (ex. Literacy, Math, Science, CHAMPS, MTSS, RtI) for staff (substitutes for planning days/grade level meetings) **$5,000**
   - Purchase supplemental curriculum and/or reading material for the targeted intervention and enrichment in all subject areas.
   - Parent involvement; Translation support and meeting supplies.
   - Assessment support (Substitutes, Kindergarten assessments, formative assessment review).
   - School based counseling support; progress monitoring and SEL supports.
   - Support Specialist/Office staff **$7,000**
   - Professional Development for teachers to define standards-based approaches to Rio Del Sol’s Transdisciplinary practices that cut across and harness the STEAM disciplines. **$10,000**

3. Increased library access (before and after school extended library hours) with improved selection of material available for student and staff use.
   - Follett Library Books **$2,500**
   - Part-time Library Clerk **$8,000**

Goal 2: Math

For the 2018–19 school year, the percentage of students meeting/exceeding proficiency on the Math CAASPP was **40.59%**. Math goals and expectations will continue to support and align instructional practices that will increase student depth of knowledge in math. This is especially important during di

Our goal last year, 2019-2020 was to move last year’s 40.59% overall Math performance to 43% by the May 2020 CAASPP performance. **Unfortunately we were unable to administer the CAASPP in the 2019-2020 academic year due to COVID-19 school closures.** This goal, however, was relevant as we are on a continuous improvement cycle for student performance. Furthermore, the District and Rio Del Sol continue to have mathematics performance a priority.

For the 2020-2019 our goal is to use Common Formative Assessment data from the District, and individual teacher assessments to ascertain student math performance. In May 2021, the CAASPP will be administered.

**Goal 3: English Language Learners**

For the 2018-19 school year, we will increase the number of English Learners performing at level 4 on the ELPAC so they will meet reclassification criteria. We will also increase the number of students in the EL subgroup meeting or exceeding performance levels on CAASPP ELA by 3%.

Our goal is to increase last year’s overall ELPAC performance at Level 4 from 27.08% to 31%. Our goal is to reduce last year’s 43.75% overall ELPAC for Level 3 to 35%, and reduce last year’s Level 2 from 43.75% performance to 34% by the May 2020 CAASPP performance. This goal is relevant as we have a significant population of English Language Learners with linguistic and academic needs, whose success is our goal.

**Strategy/Activity**

1. Support effective integration of ELA standards and literacy through Science, Math, Social Studies and the arts. Provide professional development and supplemental materials for classroom use. Ex. CRLP/Reading Results, ELD, NGSS, ST-Math, Kindergarten Conference, workshops, etc.

2. A school-wide targeted intervention program to address the reading accuracy, fluency and comprehension needs of struggling readers and English learners as measured by district benchmark assessments will be monitored on a regular basis. Plan and calendar 6-8 week Response to Intervention via Intervention Progress Team to support K-6th students and teachers.

3. Provide opportunities for experiential learning and inquiry design that integrates all subjects for a deeper and more engaging way to develop vocabulary and an understanding of the world and a variety of concepts in which to develop the English language around.

4. Provide parent education and outreach, translation support, and guidance on supporting EL learners and reclassification criteria (Coffee w/Principal, parent workshops, ELAC, SSC, fliers, communication, etc.).

5. For our long-term English Learners (LTELs), we have designated ELD instruction, tutoring, and supplemental ELD online and physical materials.

6. 2 Site EL coordinators **$3,000**

7. Professional Development for teachers with LTELs to support them to advance to proficient level. **$4,000**

Goal 4: Attendance

2018-2019 was our first year for our school. We do not yet have a Dashboard student data. However, District attendance data shows 96.6%.

Our goal in 2019-2020 was to increase attendance from the previous years from 96.6 to 97.5%.

Our attendance for 2019-2020 was at 98%. **We exceeded our attendance goal.**

For the 2020-2021 academic year, in the midst of COVID-19 school closure and distance learning, our goal will be to maintain attendance at 98% attendance rate.

This goal is relevant as attendance is directly related to students’ academic performance and socio-emotional wellbeing.

Basis for this Goal

Rio del Sol is a school of choice. Given feedback from multiple stakeholders, families appreciate the school, its teachers and leadership, and that goodwill serves to maintain positive learning habits among students for them to want to attend class.

Strategy/Activity

1. The school and district “Profile of a Learner” attributes will be integrated in all aspects of the day, curriculum and customer service practices. The 5C’s, Collaborating, Creating, Critical Thinking, Communicating and Caring are orienting practices which we have defined within the backdrop of Rio del Sol’s TransDisciplinary philosophy.
2. The school counselor will support student and family connections through parent meetings, parenting classes, Social and Emotional (SEL) Learning supports, school based counseling support, outreach efforts to all students. The school counselor will maintain connections and refer families to community agencies in efforts to increase developmental assets in the home, community and school. Support a Multi-tiered system of support for behavior which includes CHAMPS, Restorative Justice, Social-Emotional Learning (SEL), alternative means of corrections, etc. Purchase supplemental books and materials for social, emotional and behavioral supports.

3. Bridge the school day with the after school program to further engage students and support positive attendance during the day. The Design Time Committee (DPT) will establish the structure for Flowing Fridays, a way to sustain CPT for teachers.

4. Support a systematic process for monitoring attendance data in efforts to meet with parents and students with the goal of improving attendance.

5. Support a variety of distance learning projects facilitated by school-wide participation under the direction of teachers and administrators.

Goal 5: Social Emotional Learning

Our academic goals will be enhanced when the whole child is cared for and nurtured. This is even more important now during Covid-19 school closure. In parent, student, and teacher surveys with Youth-Truth in spring 2020, prior to school closure, students feeling being cared for by their teachers was higher than the district average. However, since school closure, a trend has held steady for a small group of students, in grades 6-8. Feedback from teachers indicate students pervasively keep their cameras turned off, or do not complete assignments. Feedback from parents indicate that they too are feeling pressure at home to keep their children engaged.

Because this is the first year to implement this goal, we do not have a metric from last year.

A metric we do have for this year, however, is to see a drop in absences and incomplete assignments.

Basis for this Goal

Single Plan for Student Achievement| Page 12 of 26
The 2020-2021 academic year from August until now has been administered all online. During the spring 2020 and current school closures, an uptick in student disengagement has been an issue for a small group of students at Rio Del Sol. The pervasive theme among student disengagement is due to students feeling disconnected from social interactions with peers. From surveying teachers and parents, we determined that a fifth goal, on supporting students to fee

Caring are orienting practices which we have defined within the backdrop of Rio del Sol’s TransDisciplinary philosophy.

2. The school counselor will support student and family connections through parent meetings, parenting classes, Social and Emotional (SEL) Learning supports, school based counseling support, outreach efforts to all students. The school counselor will maintain connections and refer families to community agencies in efforts to increase developmental assets in the home, community and school. Support a Multi-tiered system of support for behavior which includes CHAMPS, Restorative Justice, Social-Emotional Learning (SEL), alternative means of corrections, etc. Purchase supplemental books and materials for social, emotional and behavioral supports.

3. Bridge the school day with the after school program to further engage students and support positive attendance during the day. The Design Time Committee (DPT) will establish the structure for Flowing Fridays, a way to sustain CPT for teachers. During Flowing Fridays students, community members and local leaders develop and enact workshops for our K-6 students.

4. Support a systematic process for monitoring attendance data in efforts to meet with parents and students with the goal of improving attendance.

5. Support a variety of playground activities for recess and P.E.
